MODERN CHILD SUPPORT IN NEW ZEALAND

New Zealand Inland Revenue (IR) chose FastCSE to collect \$480 million+ a year in child support payments and administer services for the nation of 5.1 million+ people. During the modernization, FAST migrated 2.8 million child support assessments without interrupting services.

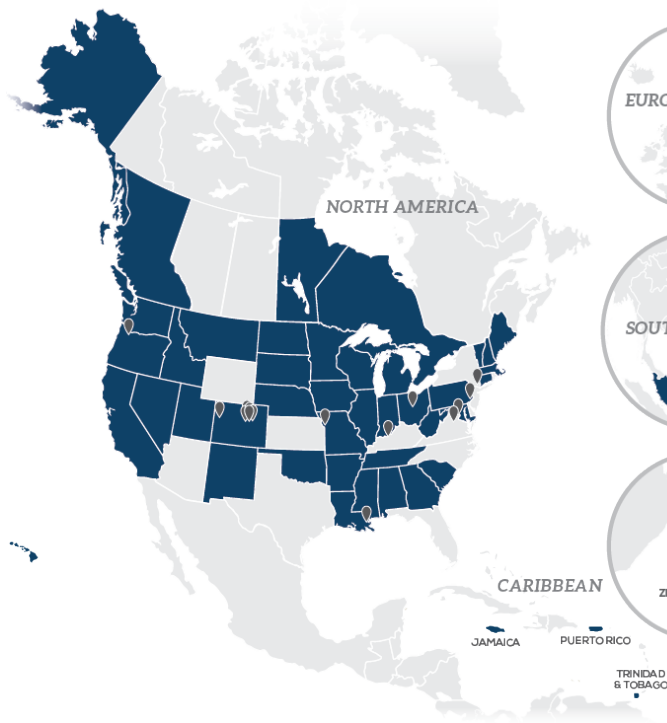

With FastCSE, IR distributes payments to families 14 days faster than before and 80% of participants now manage their accounts online. Increased efficiencies have helped the agency close 84% of debt cases within 12 months.

“FAST’s knowledge and fantastic solution really made the journey quite seamless.

– Greg James, Retired IR Deputy Commissioner of Transformation
